320px

As the viewport of the browser window or device screen changes, the layout of the app will change.

#### **EXAMPLE:**

As the view area in Fig A narrows past 960 px wide, the layout will shift to Fig B. As the view area In Fig B narrows past 640 px wide, the layout will shift to Fig C. Etc.

#### **IMPORTANT NOTE ABOUT DISPLAY PIXEL VARIATIONS:**

Fig B

As device screen densities fluctuate, a pixel is no longer a fixed unit of measure. Please read the article listed below for more information on how to deal with this.

http://www.quirksmode.org/blog/archives/2010/09/combining\_meta.html

Greatlookz comp320.psg

960 px wide and greater layout - Browser orientation.

The objects on the page will stay static with the excess on the left and right being the background color.

Items in menu stack as width narrows

 Featured area narrows from the left to preserve the imagery on the right.

Copy reflows to fill available space. Please make sure there is no hyphenation and there are no single words on any line at any width.

Feature boxes stay the same size but stack once the width goes below 960 px.

"Featured Departments" title bar narrows from 640 px to 480 px but the hieght stays the same.

"Customer Service" area becomes hidden and is only accesible from the brown bar. When the brown bar is clicked or touched, the customer service area scrolls up from the bottom.

Greatlookz\_comp640-320.psd

640px - 480px layout Tablet Portrait orientation.

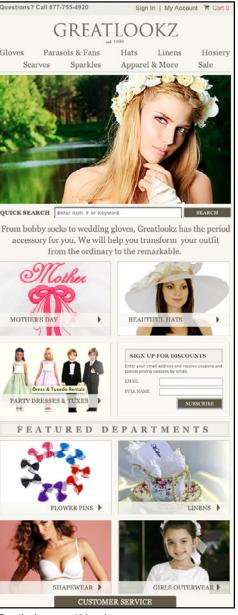

Once the viewing area is between 640px and 480px wide this wil be the layout that needs to be used.

The objects on the page will stay static with the excess on the left and right being the background color.

180px -

Greatlookz\_comp480.psd

- Items in menu stack as width narrows
- Featured area narrows from the left to preserve the imagery on the right.
- Copy reflows to fill available space. Type can get smaller to not get smaller than 9 pt. Please make sure there is no hyphenation and there are no single words on any line at any width.
- Feature boxes stay the same size but stack once the width goes below 960 px.
- "Featured Departments" title bar narrows from 640 px to 480 px but the hieght stays the same.

"Customer Service" area becomes hidden and is only accesible from the brown bar. When the brown bar is clicked or touched, the customer service area scrolls up from the bottom.

# 320px layout Smartphone orientation.

GREATLOOKZ MENU

Once the viewing area is 320px wide this wil be the layout that needs to be used.

- "Menu" button takes the place of the menu items. Clicking the "Menu" button makes the menu items appear in vertical list form.
- Copy reflows to fill available space. Type can get smaller to not get smaller than 9 pt. Please make sure there is no hyphenation and there are no single words on any line at any width.

Featured area Disappears at this size

Feature boxes stay the same size but stack once the width goes below 960 px.

"Featured Departments" title bar narrows from 640 px to 480 px but the hieght stays the same.

"Customer Service" area becomes hidden and is only accesible from the brown bar. When the brown bar is clicked or touched, the customer service area scrolls up from the bottom.
